

Color Poem
By Amity S.G.W.N

Blue

Such a pretty color
as refreshing as the ocean's
gentle breeze.
It reminds me of techno music
And also of Ice.
Ice so cold, and
At the same time saddening
It still makes me happy.

Blue,my favorite out of all
The colors,
Sometimes so close to green,
Sometimes so close
To gray.
But its shades really do interest me.

This color,the most beautiful
When under big pools.
Reminds me also of
Swimming and great times
at the lake.
Where waves hit us
on the jet ski
and where I really
hope I stay.

Blue is also part of
The sky. Such a
Beautiful bright shade.
It relaxes me, now
I see.
Blue really does
Make a big part of me.
