

## Journal Prompt # 18

By Maria Chavez B5

\*Yawn\* “ What a nap” I say as I wake up after 8 long hours of sleep. The day is new and I’m excited to finally be able to go to the mall with my best friend Cheri. As I look around the room I find a nice green dress to wear. As soon as I’m ready, I look at myself in the mirror.”Something’s missing.” I say “ That’s it!” I take a stride towards my bookshelf and look for a hot pink beanie. I swore I’d put it there last night, but it was nowhere to be found. I hear a knock on my window and find myself staring at a woman wearing a large yellow raincoat and...my hat!

It’s Pica my aunt, who starts to run off with my hat as I run out the front door. She wants the special grass powers that the hat has inside, but I can’t let her get away, that hat is my most valuable possession.

On and on we run until I see my friend Squirt on the street.”Use your water powers to get my hat” I yell from across the road. Doing a ninja move, Pica finally stops after having been tripped by Squirt.” I see I’ve been defeated, we shall meet again” Pica says and she runs back.
